

Articulated Used Liugong Road Roller Machine CL G624

Our Product Introduction

for more products please visit us on used-excavatormachine.com

Basic Information

- Place of Origin: China
- Brand Name: Liugong
- Model Number: CL G624
- Minimum Order Quantity: 1 Set
- Price: Negotiable
- Packaging Details: Container, Bulk
- Delivery Time: 3-7 Work Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 100 units are supplied every month

Product Specification

- Device Model: CLG624
- Model Abbreviation: 624
- Loading Work Quality: 24000kg
- Steering Wheel Distribution Mass: 562kg
- Drive Wheel Distribution Mass: 1145kg
- Steering Wheel Width: 1320mm
- Drive Wheel Width: 650mm
- Steering Wheel Diameter: 1600mm
- Highlight: Used liugong road roller,
CL G624 liugong road roller,
Liugong road roller machine

Product Description

Loading Work Mass CL G624 Used Wheel Loader Articulated Static Roller

Product Description:

LiuGong is equipped with domestically advanced Shangchai engines, which have the advantages of low noise, reliable performance, ultra-low fuel consumption, and meet the requirements of National II low emissions. The service brake system is a gas-top oil caliper disc type, and the parking brake system is an internal expansion drum type. It is easy to operate, has large braking force, has a compact structure, is easy to disassemble and assemble, and is safe and reliable.

Product Details:

Driving wheel diameter: 1600mm
Steering wheel diameter: 1600mm
Drive wheel width: 650mm
Steering wheel width: 1320mm
Driving wheel distribution mass: 1145kg
Steering wheel distribution mass: 562kg
Loading work mass: 24000kg
Model abbreviation: 624

Advantages:

- 1, Good compaction effect: SR26MA adopts high-frequency vibration technology, which can effectively compact the road surface and improve the density and strength of the road surface.
- 2, Easy operation: SR26MA adopts a hydraulic control system, which is easy to operate and the driver can easily control the operation of the machine.
- 3, Strong adaptability: SR26MA can adapt to different road conditions, including hard roads, soft roads and mountainous roads.
- 4, High reliability: SR26MA adopts high-quality components and advanced manufacturing technology, which has high reliability and can work continuously for a long time.
- 5, Easy maintenance: SR26MA is easy to maintain, requiring short maintenance time and low maintenance costs.
